OUR MAIN CHALLENGES

Salesian cooperators in the world of to-day !

TO LEARN

To perpetuate the task, to save the salesian spirit
To learn to be a Salesian outside of the salesian structures

To live our calling in the world

Importance of **the Education**

TO RENEW

To relieve the old ones - switching on the young people
to share our charisma - to be "with"
to dare to recur, keep confidence, **to innovate** !

TO DEVELOP

Contacts and relations in the Salesian Family
Support and participation to
the Pastoral Educative Communities (PEC)

*How to go from an "emotional" and "festive"
salesian Family to an "actual" Family
which generates and renew
the salesian mission of to-day ?*

TO STRENGTHEN

To strengthen **the belonging feeling** to the Association
To strengthen **the participation of the cooperators** for the animation
(LC and PC)

Wir sind verschieden, unsere Wirklichkeiten sind verschieden, aber wir teilen dieselbe Sendung !

We zijn verschillend, onze werkelijkheden zijn verschillend, maar we delen dezelfde missie!
